

RELIGIOUS CRISIS PASSED IN FRENCH REPUBLIC

Unless Vatican Authorities Cause Some Radical Changes in the Situation Separation of Church and State Will Be Effected on December 11 Without Any Serious Circumstances As a Result of Diplomacy of the Clemenceau Cabinet.

PARIS, Nov. 10.—Unless the Vatican authorities cause some radical changes in the situation, the fears of a religious crisis, resulting from the enforcement on December 11, of the law providing for the separation of the church and state, are regarded as dissipated in consequence of the middle course adopted by the Clemenceau cabinet.

The extreme radicals, under Mr. Combes and Mr. Pelletan, who insisted that the policy of spoliation and persecution be inaugurated December 11, have been appeased by the announcement that all of the church property, not claimed by the cultural associations on that date, will pass under the control of the state for attribution to the communes at the end of the ensuing year. On the other hand, the churches in the interim will remain at the disposition of the clergy, and the road for retreat is left open to the Vatican by the admission of a possible meeting of the Episcopate shortly and that its report, which will be conciliatory, will be confirmed.

SWITCHMEN'S STRIKE IS AVERTED

CHICAGO, Nov. 10.—The trouble between the union switchmen and twenty-three railroads, ending Chicago, was finally adjusted tonight and all danger of a strike of 20,000 men has been averted. The switchmen, belonging to the Brotherhood of Railway Trainmen, who refused the advance of three cents an hour accepted by men belonging to the switchmen's union, at a conference with the railway managers tonight, reached an agreement whereby the brotherhood men are to receive an advance of four cents an hour in wages. As all the other demands made by the men had been previously settled, tonight's action puts an end to the controversy.

WHITE TROOPS EN ROUTE TO RENO

GUTHRIE, Okla., Nov. 10.—A special to the State Capital from Fort Reno, Oklahoma, says that four companies of the Twenty-Sixth Infantry, which left San Antonio, Texas, last night, will arrive at Reno some time tonight. Army officers are backward in discussing the import of the arrival of the white troops, but denounce as untrue the interviews appearing from time to time in the metropolitan papers. The date of the dismissal of the colored troops is not known. People of El Reno anticipate little trouble incident to the discharge of the negroes.

GRAHAM CO. ATTORNEY HERE ON A VISIT

District Attorney Rawlins Confirms Report That Solomonsville Voted Jointure.

C. L. Rawlins, district attorney of Graham county, arrived in Bisbee last evening from Tombstone where he had been in attendance upon the district court in this county. Mr. Rawlins is sorry to admit it, but he holds from a town in Arizona that gave a majority in favor of joint statehood at the recent election.

The vote in Solomonsville, the county seat of Graham county, stood 41 to 33 in favor of jointure.

"Solomonsville is democratic," asserted Mr. Rawlins last night, "but the people there seem to believe that union with New Mexico is the only possible means of statehood. That was the principal reason why they voted for jointure, though there are other local causes of lesser importance."

In the recent election in Graham county the democrats were badly split. For the first time in several years the republicans elected a sheriff. The democrats elected Hampton and Pace for the assembly, a surgeon, Mitt Sims for recorder, Ben Clark for treasurer and a probate judge.

Mr. Rawlins is in Bisbee with a view of locating here after January 1.

ROYAL ARCH SECY. PLACED UNDER ARREST

Struck Charles Harris Over the Head With Loaded Cane On Election Day.

Alleging that E. B. Woolf, secretary of the "Royal Arch," struck him over the head on the day of election with a loaded cane, Chas. Harris, the tailor, who resides in ombstone canyon, swore to a complaint in the Justice Court of Judge McDonald, yesterday.

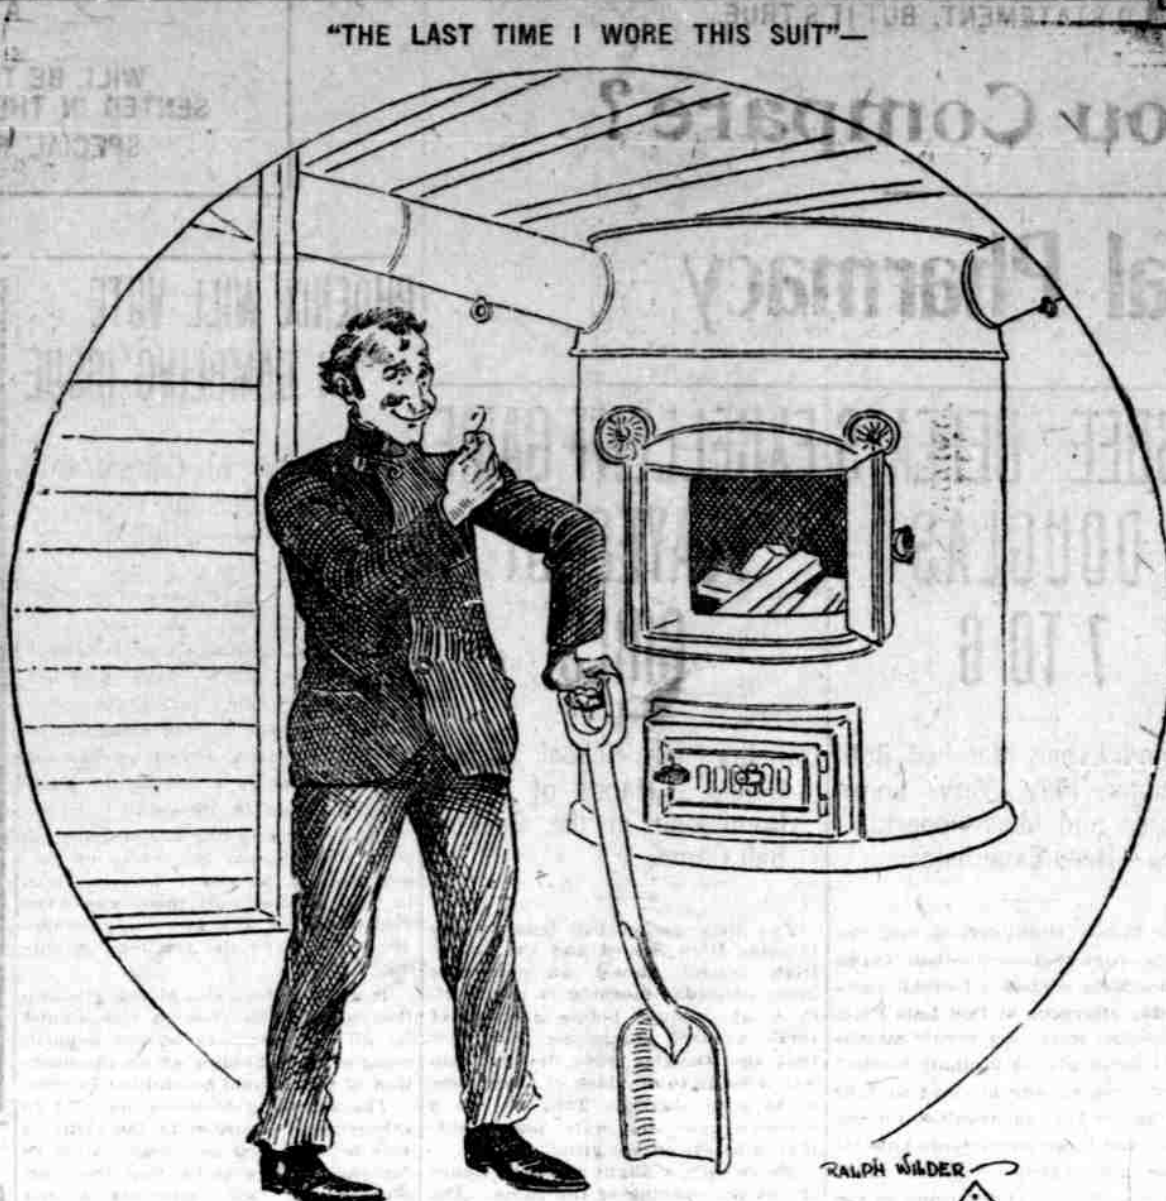

On Tuesday, when the election was at a high pitch, Harris wandered into Brewery Gulch singing the praises of John Hogan, Democratic candidate for justice of the peace, against whom the strength of the Royal Arch was pitted. In the course of his ramblings he ran across the secretary of that organization, who was doing a little electioneering on his own hook. Harris attempted to show Woolf the error of his way, when the husky secretary of the Royal Arch bit him over the head with a cane, cutting a deep slash and putting Harris out of business for several minutes. The case will be tried in Justice McDonald's Court, and Attorney W. B. Cleary has been retained to prosecute the case.

U. S. SOLDIERS BUTTE MINERS MEN INDICTED GO TO ASSIST GET RAISE IN FOR PEONAGE RANGERS WAGES IN FLORIDA

Quiet Is Being Gradually Restored at Rio Grande City Where Mexicans Ambushed Texas Rangers Election Day.

AUSTIN, Tex., Nov. 10.—According to a dispatch received tonight by Governor Lanham from Captain McDonald, of the ranger force, everything is quiet at Rio Grande City. The troops that were ordered there are expected to arrive tonight. The last twenty miles of the trip is overland.

Pending their arrival, Capt. McDonald has telegraphed to the governor that he has forced every one to surrender his arms, and as a consequence no one has a weapon except his own men and the peace officers.

The inquest held over the bodies of the four Mexicans killed in the recent encounter with the Texas rangers finds that the killing was in self-defense, and the verdict justifies the offense. The only point in doubt is whether the gang laid in wait for the officers or whether they were merely drunk and murderously inclined.

NEW ORLEANS, Nov. 10.—Dispatches from Rio Grande City, Texas, where Mexicans attacked rangers, say that the arrival of the United States Cavalry today somewhat subdued the panic which has existed since election day, but that many people are still cautious about venturing into the streets.

MARK SMITH'S MAJORITY PLACED AT 2470

PHOENIX, Nov. 10.—By making the closest estimate of the plurality of a candidate for delegate to congress ever made in Arizona, Chairman J. P. Dillon of the democratic committee has established his ability above all others.

"At 10 o'clock this morning, Chairman Dillon gave me a report of the majority of the democrats in the following counties by the majorities named: Mohave, 256; Coconino, 155; Navajo, 100; Yavapai, 385; Maricopa, 321; Pinal, 49; Gila, 35; Graham, 309; Santa Cruz, 173; Cochise, 1884.

To Cooper Dillon gives the following counties by the majorities named: Yuma, 115; Pima, 569; Apache, 56.

Three counties in which the jointure made a showing, which can give them cause for any election, is considered interesting. Every county that expressed itself against the union of the territories by a decisive vote gave Smith a majority.

Chairman Dillon concedes the council to the republicans, having heard from all counties. They have councilmen from Yavapai, Apache, Navajo, Yuma, Pima (with Santa Cruz), Graham and Coconino. Democratic members of the council are returned from Mohave, Maricopa, Gila, Pinal, Graham and Cochise.

GRIDIRON STRUGGLES CAUSE MANY ACCIDENTS

Two Deaths and One Severe Injury Is Result of Clashes Between College Teams on Football Fields—Minnesota Defeats Chicago and Yale Takes a Game From the Cadets at West Point—Princeton Defeats Brown By a Narrow Margin.

CAMBRIDGE, Mass., Nov. 10.—Harvard defeated the Carlisle Indians today in a lively game at Soldier's field by a score of 5 to 0.

The touchdown came through a fine 45-yard run by Wendell in the first five minutes of the second half. Harvard's back went through Carlisle's center on a delayed pass and from his own 45-yard line, planted the ball on Carlisle's 18-yard line. From that point six Harvard rushes carried the ball across the line, Wendell having the honor. Barr failed to kick an easy goal.

Minnesota Downs Chicago. CHICAGO, Nov. 10.—Minnesota's football eleven defeated the University of Chicago eleven on Marshall Field today by a score of 4 to 2. Handicapped by a soggy field and a slippery ball, the result of drizzling rain that fell throughout the game, Chicago's speedy backfield was seldom able to get the ball within Minnesota's danger zone.

Minnesota's line stood solid against all attacks, in fact Chicago's attempts to gain by old fashioned football, frequently resulted in a loss, as Marshall, Snyder and Itner plunged into the plays and broke them up before they were fairly started.

On the other hand, Chicago's line, though clearly outplayed by their opponents, stood firmly enough on the defense to protect Ekersall during all his punting, not a kick being blocked.

Minnesota's four points followed a six yard run by Robertson, who got through Chicago's right tackle and end, and only a pretty tackle by Ekersall saved a touchdown. But he had brought the ball to Chicago's 30-yard line and a moment later Marshall booted it between the goal posts from placement on the 40-yard line. Once before that and once after, Marshall tried to score by a place kick, but failed.

RAILROAD MEN MT. VESUVIUS WILL MAKE DEMANDS IS AGAIN IN ERUPTION

Employees of Forty-Seven Railroads West of Chicago Will Present New Schedule of Wages and Conditions.

CLEVELAND, Nov. 10.—The Plain Dealer tomorrow will print a long news article on the different phases of the railroad wage controversies and one of the most important features of it will be the statement, on the authority of Grand Chief Engineer Warren Stone of the International Brotherhood of Locomotive Engineers, that the employees of forty-seven railroads west of Chicago have united in a demand upon the roads for higher wages, shorter hours, and different working conditions.

Mr. Stone is quoted as saying that the demands have been formally prepared, and that the roads are given until December 10 to make the arrangements. Mr. Stone left tonight for New York, but before leaving stated that the settlement of the talked of strike of the switchmen in Chicago today had not removed any of the points that are to be put in issue in the demands to be made against roads west of Chicago.
